Janine Nelson Tree Memorial

On February 18, our Club treasurer Mary Wharton sent our Club donation to the Dallas Arboretum for Janine's Tree Memorial. This included the \$700 Club Charity donation and \$300 of extra personal donations given by Club members. We received a Thank You card from the Arboretum (Shown Below).

Craig Nelson says, "I certainly do thank the Club as a whole and the members who donated individually toward Janine's Tree Honorarium. It is very touching. I'm so pleased that we will have a memorial that will be around for years to come. Again, my sincerest thanks to everyone."

Craig has asked that the plaque read:

In Honor of

Janine Williams Nelson

Given by her family, many friends, and her beloved Lone Star Miata Club

*The Dallas Arboretum and Botanical Society, Inc.
is most grateful for the gift of \$1000 from*

The Lone Star Miata Club

toward the

Janine Nelson Tree Dedication

*This dedicated tree will be a part of our beautiful garden
for so many years to come,
and we encourage you to visit often and watch as it reaches maturity.*

*Thank you for your contribution in support of the Dallas Arboretum & Botanical Society.
The Dallas Arboretum and Botanical Society is a 501(c)(3) organization as chartered
by the State of Texas. As allowed by law, your contribution is completely tax deductible.*

If you have questions about editing your information, please contact Doug. The main page of the Lone Star Miata Club part of the website contains a link to our www.LSMiata.org blog site where links to newsletters are published.

From your editor

When you lead a drive, please print participant waivers from <http://lsmiata.org/events/>. It's a good idea to have maps with your phone number printed on them for a trip. Also be sure to bookmark the blog page <http://lsmiata.org> and the website at <http://www.internetcarclubs.com/Clubs/LoneStarMiataClub.aspx> to get all the latest information about us.

A note about Evites...

Evites now go to all emails on file. One person responding can change the number of attendees to an event if both people in a couple don't want to respond. ALL members should be getting emails generated by the website, and all members can access the Evites from the website event listing and, in most cases, from Facebook (members only events are not publicized on Facebook).

If you are not getting emails generated from the website, please see Doug Dodgen to verify your membership information.

Evites always contain the phone number of the person leading the drive/event. If you have questions or are running late, please contact that person.

2022 Texas Miata Courthouse Challenge

1. Bexar County Courthouse

One of San Antonio's claims to fame is its historic architecture (hello, Alamo), and if you walk through the downtown area, you'll see all sorts of spectacular examples of this. Yet if you've stuck to the River Walk area, you've probably never seen the Bexar County Courthouse. Built in 1896, the courthouse looks like a reddish-orange medieval European castle. Rounded arches, two towering pillars, and all the architectural flair of the Romanesque Revival style combines with red sandstone to create one of San Antonio's most spectacular buildings.

City: San Antonio

2. Caldwell County Courthouse

Many of Texas' courthouses showcase the finest elements of European architecture while also taking advantage of local materials to create something a community could be proud of. There are few better examples of this than the 1894 Caldwell County Courthouse. Limestone walls accented by red sandstone are capped by mansard-style domes and an intricate clock tower that sports a bright orange Lone Star on each side.

City: Lockhart

3. Coryell County Courthouse

Drive about 40 miles west on Highway 84 from Waco and you'll reach the small town of Gatesville, home to one of the prettiest courthouses in Texas. Coryell County's courthouse has a rough limestone façade accented by red sandstone, four red-domed towers, and pearl-white Greco-Roman statues that stand in front of an ornate clock tower. Yet the most impressive characteristic just might be the bright reddish-orange columns that stand above the three-arched entryway.

City: Gatesville

4. Dallas County Courthouse

Speaking of stunning sandstone structures, the (former) Dallas County Courthouse is a true architectural gem in Big D's downtown. The magnificent Romanesque Revival structure has rounded conical towers, arched windows, a massive clock tower, and four terra cotta wyverns perched on the roof. Step inside and you'll see more than 100 colorful stained-glass windows and a grand staircase that has been restored to how it appeared in 1892. The courthouse is the Old Red Museum today and is a great place to go if you want to learn about North Texan history and culture.

City: Dallas

2022 Texas Miata Courthouse Challenge

5. Denton County Courthouse

The state of Texas is full of beautiful courthouses (more than we can capture in this list), few are more eye-catching than the Denton County Courthouse. Four ogival roofs placed on the corners of the courthouse are replicated on the central clock tower, which features a dome inspired by the Florence Cathedral. Meanwhile, the rough limestone façade features Roman-style columns, triangular pediments, and arched entryways. Today, the structure is home to the Courthouse-on-the-Square Museum, a repository of local history that's well worth a visit when you're in Denton.

City: Denton

6. Ellis County Courthouse

Ellis County's impressive courthouse a complex and captivating structure that is one of the most photographed buildings in Texas. Set within Waxahachie's charming downtown square, the nine-story-tall pink granite and red sandstone courthouse can be seen from some distance away. Get up close and your eyes can feast on all the details, such as the floral patterns carved into the stone at the top of the columns, or the pyramidal roofs.

City: Waxahachie

7. Fayette County Courthouse

Although it was common practice to use multiple types of stone to create an appealing design, Fayette County's courthouse takes it to another level. Blue sandstone walls are accented with red sandstone and limestone, a combination that creates a checkerboard pattern across the exterior. Look closely and you'll see a ton of other intricate details, including a bald eagle carved on a five-by-14-foot slab of stone. The main entryway is framed by short sandstone columns, an aesthetic reflected on the clock tower.

City: La Grange

8. Tarrant County Courthouse

With its pink granite walls, Roman-style columns and pediments, and an attention-grabbing copper-domed clock tower make Tarrant County's courthouse look as if it should be a state capitol. That's no accident, as it was modeled after the Texas State Capitol building in Austin. Located just a short walk from the Trinity River in downtown Fort Worth, the courthouse is notable for being one of the first buildings in the Southwest built with a steel frame. Come check out the courthouse, then pay a visit to one of the many restaurants or bars in downtown Fort Worth.

City: Fort Worth

2022 Texas Miata Courthouse Challenge

9. Victoria County Courthouse

On first glance, you might think the Victoria County Courthouse is an ancient castle built by an eccentric European prince. However, this three-story civic building was constructed in 1892 by the same architect who crafted the Fayette County Courthouse (J.R. Gordon). Arched windows and doorways, triangular roofs, and other small details set this courthouse apart, while a five-story clock tower stands on the east side toward the town square.

City: Victoria

10. Wharton County Courthouse

Nestled in the center of Wharton's quaint town square stands a courthouse that looks as if it was plucked from a French city. A white clock tower will capture your attention but look further and you'll notice how the green mansard roofs and triangular towers complement the tan brick façade. Snap a few shots of the building, then check out the shops and restaurants in Wharton's town square. If you time it right, you can even catch a comedy, drama, or musical at the historic Plaza Theatre.

City: Wharton

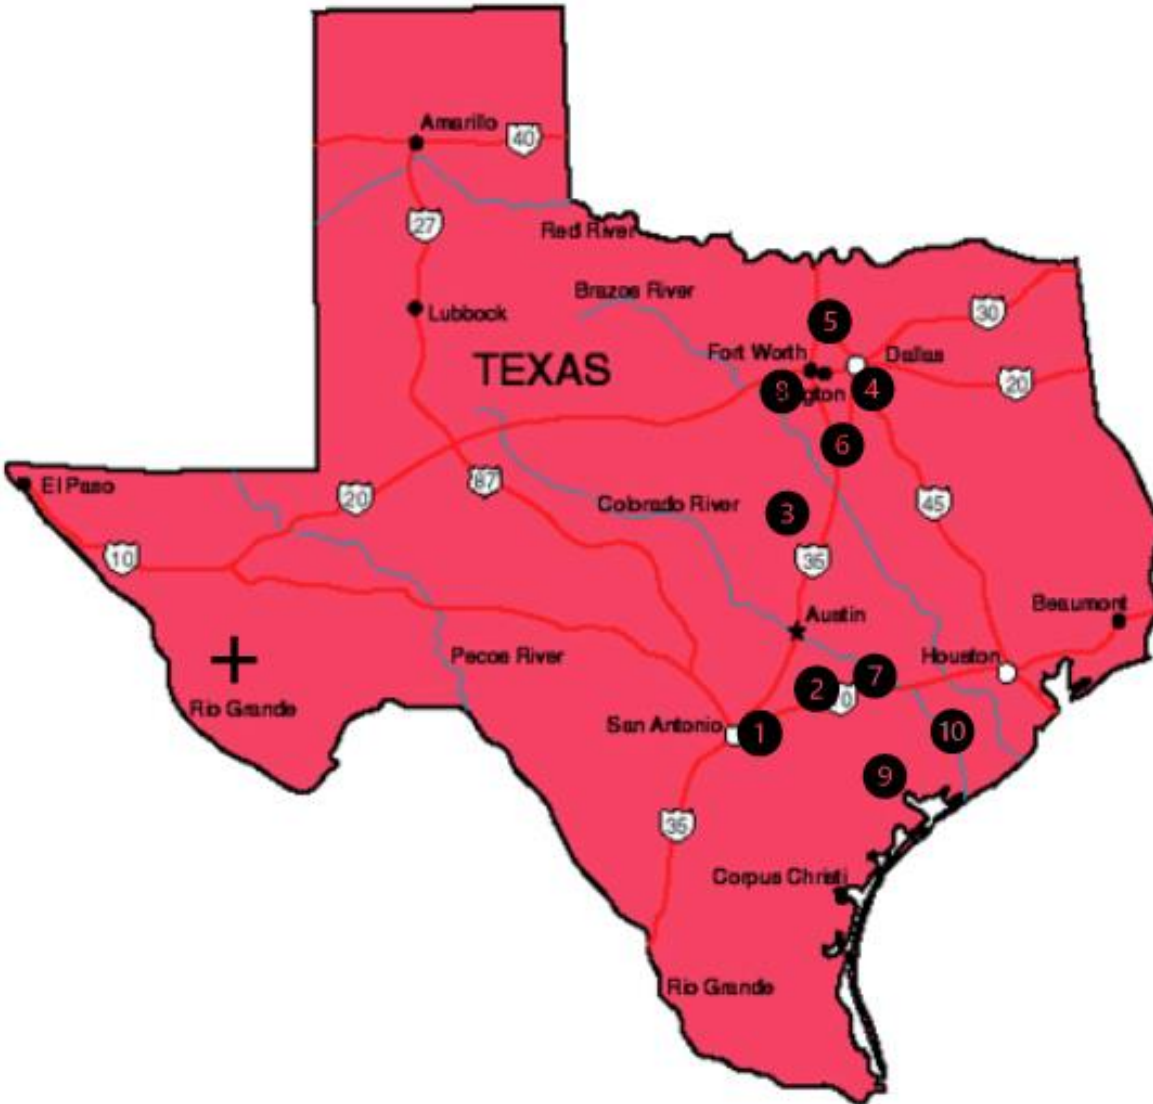

Bonus: Presidio County Courthouse

Off to West Texas we go for the last courthouse in our list: the Presidio County Courthouse in the small town of Marfa. Aesthetically, the 1889-built courthouse shares some traits with other Second Empire-style structures in Texas. Bright blue mansard roofs slant over pavilions that project from the four corners of the building. The massive white clock tower at the top is an attention-grabber, but what makes this building stand out is its salmon-painted stucco walls that cover the original brick.

City: Marfa
